

# Fiets je mee naar 2030?

En ontdek welke Ringparken, of delen ervan, dan al klaar zijn.

# Fiets mee van in Ringpark West, door de Scheldetunnel, via alle Ringparken tot aan de Scheldebrug.

Alle jaartallen in dit overzicht zijn richtinggevend en sterk afhankelijk van de verdere project- en werfplanning.

Deze presentatie is een samenwerking tussen stad Antwerpen, AG Vespa, Vlaanderen (Lantis, Agentschap Wegen en Verkeer, De Vlaamse Waterweg), team Intendant, de ontwerpteams van de Ringparken, de burgerbewegingen en alle andere betrokken partners waaronder de vele aannemers die momenteel op de werven aan de slag zijn.

Park Nieuw Zuid  
vandaag

The image shows a detailed architectural site plan of Park Nieuw Zuid. A prominent red line traces a path through the park, starting from a red dot in the upper left and winding through various green spaces, paths, and building footprints. The plan includes numerous trees, open green areas, and a network of roads and paths.
